POST DETAILS

Title:

SciFest School Liaison Officer

Description:

Are you passionate about education and the importance of STEM for today's young people? If so, we would like to hear from you.

SciFest has been supporting and promoting STEM education in second-level schools across Ireland for almost 20 years. Our aim is to ensure that every second-level student irrespective of their ability, gender, background or circumstance has the opportunity to participate in a STEM fair. The SciFest programme consists of a series of STEM fairs for second-level students which take place locally in schools and regionally in third-level college, culminating in a national competition from which winning students go on to participate in international events.

We are now seeking to recruit a highly motivated person to take responsibility for implementing the SciFest@School strand of the programme, with a particular emphasis on DEIS schools. This is an exciting and challenging opportunity to make a significant contribution to the promotion of STEM in second-level schools throughout the country.

The full-time position of SciFest School Liaison Officer is offered initially on a two-year contract basis, subject to the satisfactory completion of a three-month probationary period. The successful candidate will be based in Dublin with opportunities for a hybrid working arrangement.

Key Aspects of the Role

- Reporting to the CEO, responsible for the day-to-day implementation of the SciFest programme in schools, with a specific focus on DEIS schools
- Development of the SciFest@School strand of the SciFest programme
- Development of resources for teachers and students
- Recruiting schools to participate in SciFest@School
- Supporting teachers in schools preparing students for participation in a SciFest fair
- Assisting in the running of SciFest@School fairs in schools
- Promotion of STEM in schools
- Liaising with schools and teachers
- Preparing reports, both internal and for external agencies
- Contributing to the implementation and development of the SciFest programme as required

Qualifications and Attributes

- Level 8 degree in a STEM discipline with experience in an educational context; preference will be given to candidates with experience of teaching in a second-level school
- Excellent communication and presentation skills

- Strong report writing skills
- Excellent IT skills
- Strong team-working skills
- Motivated, flexible, with high levels of initiative and the ability to work without direct supervision
- Good knowledge of the Irish education system, particularly at second level
- Good research skills
- Candidates must have a full, clean driving licence and access to their own car and be prepared to travel to participating schools as required
- Candidates will be required to be Garda vetted.

To apply for this position, please send a cover letter with your CV to liaisonofficer@scifest.ie. Applications must arrive not later than 6.00 p.m. on Friday 31 January 2025. For further details of the SciFest programme please visit the SciFest website: www.scifest.ie.
