### POST DETAILS

**Title:**

Secondary School Workshop Facilitators (Nationwide)

**Description:**

Join the Brainbox team inspiring students to lead happier, healthier lives.

We are currently seeking highly-motivated, dynamic teachers to join our team as workshop facilitators for 2-5 days per week from September to June.

**Job description:**

Our range of study skills and wellbeing programmes blend the latest evidence-based research with engaging delivery methods to inspire and empower young people to reach their potential.

The course facilitator will deliver workshops to secondary and primary school students nationwide both in person and online.

The ideal candidate should be a fully qualified teacher with experience teaching secondary school students and preparing them for state exams. We are especially interested in teachers who have devised novel approaches to teaching and learning, and who are well-informed about the latest educational trends. The facilitator should be an honest, reliable individual adept in all aspects of the role (see below) and passionate about working with adolescents.

**Key duties and responsibilities:**

The role involves delivering secondary school workshops to groups ranging from 1st to 6th year and occasionally to 6th class primary school pupils.

1. Engage an adolescent audience: our professionals possess a unique ability to motivate and inspire teenagers, and to bring our course content to life in an exciting and compelling way.
2. Public relations: interested persons should be courteous and respectful, and represent Brainbox to the highest professional standards in engaging with our partner schools. Other duties may include promotion at trade events.
3. Communication skills: the candidate will communicate effectively within the company and with school management and staff and will liaise with the office when required.
4. Collaboration: members of the Brainbox team will be engaged in updating workshops, course content and materials. We promote the sharing of knowledge and strategies among colleagues for an open, inclusive learning environment. Our teachers occasionally co-facilitate workshops.
5. Relevance: the candidate will participate in ongoing training and professional development to stay informed about best practices in education. The candidate should have a strong understanding of the latest educational trends and issues affecting young people.
