Additional Information:

St. Joseph's Primary School for Children with Visual Impairment is a Special National School, designated by the Department of Education and Skills for children who are blind or have a significant visual impairment (VI). All children who attend St. Joseph's have a confirmed medical diagnosis of a visual impairment which is their primary barrier to educational progress. Some of our pupils also have additional disabilities.

St. Joseph's Primary School for Children with Visual Impairment aims to ensure that every pupil has access to a broad, balanced and appropriate curriculum which is suitably challenging and delivered with dignity. We recognise that each child is unique and should be given the opportunity to learn in an inclusive environment where ability, not disability, is central.
